## Overview

This is a 4-hour seminar specifically designed for anyone interested in getting involved with the Forex industry. The participants will have the chance to go through the timeline of Forex evolution that gave birth to Forex trading as we all know it today. The Forex terminology (Bid, Ask, Spread, Long, Short, Lot, Pip, Majors, Crosses, Exotics, Leverage, Margin, STP, ECN, Market Maker etc) will be explained thoroughly with examples on the MT4 platform. The major technical tools available on the MT4 platform will be presented along with examples, exercises and case studies of Opening, Modifying, Closing and Deleting Orders. Furthermore, major technical analysis tools will be explained in real time, along with high probability entry and exit points. **Certificate of attendance will be awarded to all participants.**

## Learning Outcomes

By the end of the course, the participants will be able to:

- Appreciate the Foreign Exchange Market
- Understand the inner-workings of the market
- Comprehend the concept of leverage
- Learn the basic terminology of MT4
- Open, Close, Modify and Delete orders
- Apply major technical analysis tools on the charts
